Deliverable leader	University of Ferrara
Authors	Andrea Ascani, Nicolò Barbieri, Giacomo Roberto Lupi, Alberto Marzucchi, Alessandro Montanaro, Alessandro Palma, Ugo Rizzo, Alejandra Vanegas, Rahmi Can Yamanoglu (University of Ferrara, Gran Sasso Science Institute)

This report examines how regional academic assets relate to two dimensions of the green and digital transformation across European NUTS-2 regions: employment specialisation and industrial patenting.

This project has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement No 101132559.
